Dear Business Owner,

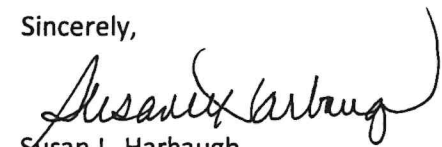

The mission of the City of Red Bud's Economic Development Commission is to study the current status of economic development with the City, to propose strategies to the City Council for retaining existing business, attracting new industry and retail business, and to suggest policies which would help promote general economic development.

To attract new industry and retail business, the City of Red Bud would like to partner with current business owners to help market available industrial, commercial, and retail properties to those looking for commercial space to rent or purchase. Our goal is to fill vacant properties with new thriving businesses in town. Please note that as a City we are working off of a dated document, so let us know if the availability of your commercial space has changed.

If you are interested in this opportunity, please fill out the enclosed Commercial Property Listing paperwork. After gathering the needed information, we will create a Commercial Property Listing that will be available on the City of Red Bud's website to business owners who are looking for commercial space. There is no cost to participate, and we will leave the listing up until you notify us to have it removed.

Thank you for your help in the effort to make economic development a priority in Red Bud.

Sincerely,

  
Susan L. Harbaugh  
Mayor

  
Mike Rheinecker  
Economic Development Commission Chairman
