Amygdala*

(Accepts Medicaid IL)

Services: Parent-Child Interaction Therapy, screening and diagnosis, crisis (IM+CANS). Parent-Child Interaction Therapy (PCIT) is an evidence-based therapy for young children ages 2-8 and their parents/caregivers. PCIT provides parents with the resources, skills, and knowledge to reduce child externalizing behaviors (i.e. ADHD, temper tantrums, talking back, depression, defiance, shouting, etc.) and parents learn in-the-moment calm down skills so they can prevent problem behaviors when the therapist leaves. Therapy highlights:

- Kids 2-8 with diagnosed or undiagnosed externalizing behaviors.
- Kiddos can be older than 8 if diagnosed with Autism.
- Therapy lasts between 12-24 weeks
- Remote services are available.
- Parents/Caregivers are involved in weekly therapy sessions.
- Weekly behavioral data is collected & parents see child behavioral graphs.

Contact Info: 110 N. High Street, Suite 3, Belleville, IL 62233(314) 518-7967

Email: info@amygdalaco.com

Birth to Five Illinois*

Services: Providing a statewide mechanism to engage local stakeholders. Gathering family opinion. Creating a strategic plan that clearly identifies the need for the expansion of quality early learning in every region. Enabling local stakeholders to come together and address the early childhood needs within their own communities.

Mission - To create a statewide regional infrastructure that will amplify input from communities in the development of policies and funding priorities. We support the mobilization of communities to build and sustain equitable access to inclusive, high-quality early childhood services for all children and families in the state of Illinois.

Vision - Reimagining a more equitable Early Childhood Education and Care (ECEC) system that respects family and community voice and works to ensure it is centered and prioritized at every level of decision-making in Illinois.

Values/Goals

Family Voice: Through this transformation centered on authentic family and community engagement, we will address the inequitable distribution of resources and services and rebuild our State's Early Childhood Education and Care (ECEC) system.

Racial Equity: In an effort to move our Early Childhood Education and Care (ECEC) system to one where racism no longer impacts a child's success, we will work to dismantle barriers that have limited access to high-quality services for minoritized children in every corner of our State.

Collective Impact: Birth to Five Illinois will build a system that harnesses knowledge directly from families and providers and encourages decision-makers to ensure new and/or expanded services are created to meet community needs. This community-driven framework will directly influence policy/funding at the local, regional, and state level.

Illinois Helpline for Opioids and Other Substances**

Services: Treatment access for people with Opioid Use Disorder (OUD) with Medication-Assisted Recovery (MAR) at risk for fatal overdosing. MAR is an effective treatment and harm reduction intervention for OUD: patients on MAR have a lower risk of fatal overdose than those receiving behavioral therapies

* Located outside of Randolph County but available to Randolph County residents

** Online & National Hotline numbers

alone. MAR NOW connects callers to immediate treatment for opioid use disorder, including telephonic prescription and home induction on buprenorphine or same-day clinic appointments for methadone, buprenorphine, or naltrexone. MAR NOW can also connect patients to withdrawal management and residential treatment. Callers asking for opioid treatment between 6am-10pm seven days/week will be immediately connected to a provider. After hours, callers will leave a message and receive a call back the next day.

Contact Info: 24/7(833) 234-6343 or text "HELP" to 833234

Revisions will be made on an annual basis and a new publication will be made available for circulation in the first quarter of the new year.

RANDOLPH COUNTY HEALTH DEPARTMENT

**Western Egyptian
Economic Opportunity Council**
Community Action Agency
Serving The Area Since 1965

The Randolph County Resource Guide is a publication of the ongoing work and contributions of those who believe in "Bringing People and Services Together" throughout Randolph County and Southern Illinois. The Healthy Communities Alliance, recovery & support committies, have played a valuable role in maintaining the circulation and updating of this guide.

Printed guides were supported by Memorial Hospital – Chester, IL under the Illinois Critical Access Hospital Network, 2022-2023 Population Health Services Award, Medicare Rural Health Flexibility Grant Program.

Randolph County Resource Guide

Additions & Updates to 2022 Guide

INTERNET ASSISTANCE

USAC Affordable Connectivity Program**

Services: The Affordable Connectivity Program (ACP) is a U.S. government program run by the Federal Communications Commission (FCC) to help low-income households pay for internet service and connected devices like a laptop or tablet. You are likely eligible if your household's income is below 200% of the Federal Poverty Line, or if you or someone you live with currently receives a government benefit like SNAP, Medicaid, SSI, WIC, Pell Grant, or Free and Reduced-Price Lunch.

Website: <https://affordableconnectivity.gov/>

MENTAL HEALTH

Amygdala*

(Accepts Medicaid IL)

Services: Parent-Child Interaction Therapy, screening and diagnosis, crisis (IM+CANS). Parent-Child Interaction Therapy (PCIT) is an evidence-based therapy for young children ages 2-8 and their parents/caregivers. PCIT provides parents with the resources, skills, and knowledge to reduce child externalizing behaviors (i.e. ADHD, temper tantrums, talking back, depression, defiance, shouting, etc.) and parents learn in-the-moment calm down skills so they can prevent problem behaviors when the therapist leaves. Therapy highlights:

- Kids 2-8 with diagnosed or undiagnosed externalizing behaviors.
- Kiddos can be older than 8 if diagnosed with Autism.
- Therapy lasts between 12-24 weeks
- Remote services are available.
- Parents/Caregivers are involved in weekly therapy sessions.
- Weekly behavioral data is collected & parents see child behavioral graphs.

Contact Info: 110 N. High Street, Suite 3, Belleville, IL 62233 (314) 518-7967

Illinois Helpline for Opioids and Other Substances**

Services: Treatment access for people with Opioid Use Disorder (OUD) with Medication-Assisted Recovery (MAR) at risk for fatal overdosing. MAR is an effective treatment and harm reduction intervention for OUD: patients on MAR have a lower risk of fatal overdose than those receiving behavioral therapies alone. MAR NOW connects callers to immediate treatment for opioid use disorder, including telephonic prescription and home induction on buprenorphine or same-day clinic appointments for methadone, buprenorphine, or naltrexone. MAR NOW can also connect patients to withdrawal management and residential treatment. Callers asking for opioid treatment between 6am-10pm seven days/week will be immediately connected to a provider. After hours, callers will leave a message and receive a call back the next day.

Contact Info: 24/7 (833) 234-6343 or text "HELP" to 833234
